

SEMINAR

SCHOOL OF MATHEMATICS AND STATISTICS

DATE: 17 JANUARY 2020

TITLE

Some highlights of Indian contributions to mathematics in the 20th century

VENUE | TIME

Seminar Room II
02:00 – 03:00 PM

SPEAKER

Prof. M.S. Raghunathan,
IIT Bombay.

ABSTRACT

The legendary Srinivasa Ramanujan is undoubtedly the greatest mathematician to emerge from India. In this talk I will say something about his contributions but will concentrate largely on the works of other Indian mathematicians (who are not so well known) that have considerable impact.
