

Publications

- (with B. Jayaram) Representations through a monoid on the set of fuzzy implications. *Fuzzy Sets and Systems* 247 (2014) 51-67.
- (with B. Jayaram) The $*$ -composition of fuzzy implications: Closures with respect to Properties, Powers and Families. *Fuzzy Sets and Systems* 275 (2015) 58-87.
- (with B. Jayaram) Homomorphisms on the monoid of fuzzy implications and the iterative functional equation $I(x, I(x, y)) = I(x, y)$. *Information Sciences* 298 (2015) 1-21.
- Mutual exchangeability of fuzzy implications. *Information Sciences* 317(2015) 1-24
- (with B. Jayaram) Bijective transformations of fuzzy implications - An algebraic perspective. *Fuzzy Sets and Systems* 291 (2016) 3-17.
- (with B. Jayaram) Lattice operations on fuzzy implications and the preservation of the exchange principle. *Fuzzy Sets and Systems* 247 (2014) 51-67.
- Investigations of fuzzy implications satisfying generalized hypothetical syllogism. *Fuzzy Sets and Systems* 323(2017) 117-137.
